## Road base

Road base materials are an integral part of construction. They are great for compacting and creating a solid foundation for ongoing projects. Anything from major infrastructure right down to domestic pathways and under paving, ASQ Garden & Landscape has just the road base you need to ensure you create a sound infrastructure for your next project.

## Feature rock

For adding something unique and decorative to your garden, you can't go past our feature rocks. Whether they be a single stand out statement rock, or a wall of rocks creating a garden border, feature rocks can create a stylish and individual addition to your space. We have a wide range of rocks, plinths and pitchers to suit any garden application.

Blue Arsenic Sand

## Bark & mulch

At ASQ Garden & Landscape, we have a great range of bark and mulch products for your next garden project, that are both functional and look great too! Adding bark or mulch coverings to your garden is great for maintaining moisture control, preventing weeds and making the ground more attractive. If you have existing soil that you would like to rejuvenate, we also stock a range of composts and manures to bring them back to life.
